

## SEATTLE POLICE PENSION LUNCH SERIES

# Senior Fraud Prevention: Avoid becoming a target

This is a challenging time for older adults. People over age 50 are especially vulnerable and account for over half of all fraud victims. People who commit these types of crimes often target older people knowing they have spent a lifetime earning their savings.

Herb Weisbaum will share easy ways to protect yourself and he'll get you familiar with some of the more common scams to avoid becoming a target.
